

FEIP Sustainability Curriculum: 2007- 2009

The following webinars were held for the grantees of the Matching Grant Program, April 2007- March 2009. This series was based on the Georgia Health Policy Center's recommendations for a sustainability curriculum that would promote sound organizational development among emerging institutes. Links to summaries, recordings and Power Point slides are list below:

The Star of Success (September 9, 2007): A framework for diagnosing systems challenges and increasing systems sustainability.
